Please review the full content warning below.Jessica Martin is not a nice girl. As Prom Queen and Captain of the cheer squad, she'd ruled her school mercilessly, looking down her nose at everyone she deemed unworthy. The most unworthy of them all? The freak, Manson Reed: her favorite victim. But a lot changes after high school.A freak like him never should have ended up at the same Halloween party as her. He never should have been able to beat her at a game of Drink or Dare. He never should have been able to humiliate her in front of everyone. Losing the game means taking the dare: a dare to serve Manson for the entire night as his slave. It's a dare that Jessica's pride - and curiosity - won't allow her to refuse. What ensues is a dark game of pleasure and pain, fear and desire. Is it only a game?Only revenge?Only a dare?Or is it

The Real Thing Georg M. Gugelberger,1996 Presented as the authentic testimony of the disenfranchised, the colonized, and the oppressed, testimonio has in the last two decades emerged as one of the most significant genres of Latin America's post-boom literature. In the political battles that have taken place around the formation of the canon, the testimonio holds a special place: no other single genre of literature has taken up such a large part of current debate. Initially hailed in the 1970s as a genuine form of resistance literature, testimonio has since undergone a significant change in its critical reception. The essays in *The Real Thing* analyze the testimonio, its history, and its place in contemporary consciousness. Although the literature of testimony arose on the margins of institutional power and its ends were in large part political change, the canonization of testimonio by the academic Left has moved it from margin to center, ironically bringing about the institutionalization of its transgressive and counter-hegemonic qualities. Discussing Latin American works ranging from Salvadorian writer Roque Dalton's *Miguel Marmol* to I . . . Rigoberta Menchu, a work that earned its author a Nobel Prize, this collection explores how critical writing about testimonio has turned into discourse about the institution of academia, the canon, postmodernism and postcolonialism, and the status of Latin American studies generally. Contributors. John Beverley, Santiago Colás, Georg M. Gugelberger, Barbara Harlow, Fredric Jameson, Alberto Moreiras, Margaret Randall, Javier Sanjines, Elzbieta Sklodowska, Doris Sommer, Gareth Williams, George Yúdice, Marc Zimmerman

Code 2.0 Lawrence Lessig,2009-12-30 Lawrence Lessig's *Code and Other Laws of Cyberspace* v1 quickly began to define a certain vocabulary for thinking about the regulation of cyberspace. More than any other social space, cyberspace would be controlled or not depending upon the architecture, or code, of that space. And that meant regulators, and those seeking to protect cyberspace from at least some forms of regulation, needed to focus not just upon the work of legislators, but also the work of technologists.Code version 2.0 updates the original work. It is not, as Lessig writes in the preface, a new work. The aim of the update was to recast the argument in the current context, and to clarify the argument where necessary. While

Lessig himself has strong views about preserving important liberties that cyberspace originally protected, this book does not push any particular set of values. Unlike Lessig's other books, *The Future of Ideas*, and *Free Culture*, this book has no particular political agenda. Instead, the objective of *Code* is to introduce and defend a particular way of understanding regulation, and to describe the trend that we should expect regulation in cyberspace to take. *Code v2* is published under the terms of the CC Attribution-ShareAlike license. Money raised from the sale of this book supports the development of free software and documentation.

Architecture and Nihilism Massimo Cacciari, 1993-01-01 Massimo Cacciari, one of the most influential social philosophers in Italy today, is the founder of the trend of criticism known as negative thought that focuses on the failure of traditional logic to explicate the problems of modernity. This book, which introduces his writings to an English-speaking audience, provides a striking social and philosophical account of the twentieth-century metropolis. Patrizia Lombardo's extensive introduction situates Cacciari's thought within the milieu of Italian political activism and philosophy between the 1960s and the 1980s, from his collaboration on the leftist journal *Contropiano* to his long association with Manfredo Tafuri. Cacciari studies the relation between philosophy and modern architecture and applies the thinking of avant-garde architects, artists, and writers to the social and political problems raised by technological society. He begins by defining the modern metropolis, using the terms and ideas of Georg Simmel and Max Weber, but revealing where their frameworks are limited. He then examines the work of Adolf Loos and other architects and designers in early twentieth-century Vienna, showing how their architecture and criticism expose the alienation and utopianism in notions of the organic city. Cacciari demonstrates how architecture intersects with the city and the state but also with the interior of the private dwelling and with its resistance to the external world. Bringing together philosophy, sociology, urbanism, labor history, economics, and aesthetics, he helps us comprehend via these disciplines a crucial period in the history of modernity.--BOOK JACKET. Why Fashion Matters Frances Corner, 2014-06-17 An illuminating introduction to the expanding influence of fashion from the perspectives of design, technology, sustainability, and business. Fashion matters for the economy, to society, and to each of us personally. Faster than anything else, what we wear tells the story of who we are—or who we want to be. It is the most immediate form of self-expression. Yet even as fashion touches the lives of each and every one of us, its influence and the vast creative industry that it supports can seem mysterious to outsiders. In *Why Fashion Matters* Frances Corner, Head of London College of Fashion, guides readers into the dizzying world of this rapidly expanding, increasingly global, always

exciting industry. In provocative and intriguing entries, Corner teases out the glorious intricacies and contradictions of an industry that simultaneously values technology and craft; timeless style and fast fashion; the bespoke and the mass-market; consumption and sustainability; cold, hard numbers; and creative expression. From “Shop ‘til We Drop” to “The White Shirt” to “The One Trillion Dollar Business” each entry offers a unique avenue into fashion and its impact, both positive and negative, on lives around the globe.

Urban Life in Post-Soviet Asia Catharine Alexander, Victor Buchli, Caroline Humphrey, 2007-09-12 Capturing a unique historical moment, this book examines the changes in urban life since the collapse of the Soviet Union from an ethnographic perspective, thus addressing significant gaps in the literature on cities, Central Asia and post-socialism. It encompasses Tashkent, Almaty, Astana and Ulan-Ude: four cities with quite different responses to the fall of the Soviet Union. Each chapter takes a theme of central significance across this huge geographical terrain, addresses it through one city and contextualizes it by reference to the other sites in this volume. The structure of the book moves from nostalgia and memories of the Soviet past to examine how current changes are being experienced and imagined through the shifting materialities, temporalities and political economies of urban life. Privatization is giving rise to new social geographies, while ethnic and religious sensibilities are creating emergent networks of sacred sites. But, however much ideologies are changing, cities also provide a constant lived mnemonic of lost configurations of ideology and practice, acting as signposts to bankrupted futures. *Urban Life in Post-Soviet Asia* provides a detailed account of the changing nature of urban life in post-Soviet Asia, clearly elucidating the centrality of these urban transformations to citizens’ understandings of their own socio-economic condition.

Voice Lessons Rob Paulsen, 2019-10-08 Rob Paulsen is one of Hollywood’s busiest, most talented, and most passionate performers. If you don’t know him by name, you will know him by the many characters he has brought to life: Pinky from *Pinky and the Brain*, Yakko from *Animaniacs*, the tough but loveable Raphael from the original animated *Teenage Mutant Ninja Turtles*, and many more. So you can imagine how terrifying it must have been when Rob was diagnosed with throat

cancer, putting his entire livelihood in jeopardy and threatening to rob the world of all his loveable characters that filled our youths and adulthoods with humor and delight. Voice Lessons tells the heartwarming and life-affirming story of Rob's experience with an aggressive cancer treatment and recovery regimen, which luckily led to a full recovery. Rob quickly returned to doing what he loves most, but with a much deeper appreciation of what he came so close to losing. His new lease on life inspired him to rededicate himself to his fans, particularly the new friends he made along the way: hundreds of sick children and their families. Rob said it best himself: "I can not only continue to make a living, but make a difference, and I can't wait to use that on the biggest scale that I can."

The Valiant Lesley Livingston, 2017-02-14 Princess. Captive. Gladiator. Always a Warrior. Fallon is the daughter of a proud Celtic king and the younger sister of the legendary fighter Sorcha. When Fallon was just a child, Sorcha was killed by the armies of Julius Caesar. On the eve of her seventeenth birthday, Fallon is excited to follow in her sister's footsteps and earn her place in her father's war band. She never gets the chance. Fallon is captured and sold to an elite training school for female gladiators—owned by none other than Julius Caesar himself. In a cruel twist of fate, the man who destroyed Fallon's family might be her only hope of survival. Now, Fallon must overcome vicious rivalries, deadly fights in and out of the arena, and perhaps the most dangerous threat of all: her irresistible feelings for Cai, a young Roman soldier and her sworn enemy. A richly imagined fantasy for fans of Sarah J. Maas and Cinda Williams Chima, *The Valiant* recounts Fallon's gripping journey from fierce Celtic princess to legendary gladiator and darling of the Roman empire.
