The Dare Harley Laroux, 2021-01-26 Warning: This erotica contains scenes and elements that may be disturbing to some readers. Please review the full content warning below. Jessica Martin is not a nice girl. As Prom Queen and Captain of the cheer squad, she'd ruled her school mercilessly, looking down her nose at everyone she deemed unworthy. The most unworthy of them all? The freak, Manson Reed: her favorite victim. But a lot changes after high school. A freak like him never should have ended up at the same Halloween party as her. He never should have been able to beat her at a game of Drink or Dare. He never should have been able to humiliate her in front of everyone. Losing the game means taking the dare: a dare

to serve Manson for the entire night as his slave. It's a dare that Jessica's pride - and curiosity - won't allow her to refuse. What ensues is a dark game of pleasure and pain, fear and desire. Is it only a game? Only revenge? Only a dare? Or is it something more? This book contains intense fantasy scenes of hard kinks/edgeplay, graphic sex, and harsh language. It is intended only for an adult audience. Beware: this is a dark, weird, kinky read. The activities depicted therein are dangerous and are not meant to be an example of realistic BDSM. Reader discretion is advised. Kinks/Fetishes within: erotic humiliation, fearplay, painplay, knifeplay, consensual non-consent (CNC), orgasm denial, boot worship, spanking, crying, blowjobs, clowns, group sexual activities, spit, bondage, public play, bloodplay.

Modeling the Effects of a Mountain Pine Beetle Outbreak and Potential Management Responses in Alberta's Eastern Slopes Richard Roland Schneider,2009 We used a simulation model and two management scenarios to investigate possible effects of a severe mountain pine beetle (*Dendroctonus ponderosae* Hopkins) epidemic in Alberta, Canada. Our simulated outbreak was based on the current epidemic in British Columbia, which may kill close to 80% of the province's pine volume. Our two management scenarios were conventional harvest and a pine-reduction strategy modeled on a component of Alberta's Mountain Pine Beetle Management Strategy. The pine strategy seeks to reduce the number of susceptible pine stands by 75% over the next 20 years through targeted harvesting by the forest industry. Our simulations showed that the pine strategy could not be effectively implemented, even if the beetle outbreak was delayed for 20 years. Even though we increased mill capacity by 20% and directed all harvesting to high volume pine stands during the pine strategy's surge cut, the amount of highly susceptible pine was reduced by only 43%. Additional pine volume remained within mixed stands that were not targeted by the pine strategy. When the outbreak occurred in each scenario, sufficient pine remained on the landscape for the beetle to cause the timber supply to collapse. Alternative management approaches and avenues for future research are discussed.

Pageant Joan FitzPatrick Dean, 2021-07-15 Focusing on examples from medieval theatre, women's suffrage campaigns, and the 2012 Olympics Opening Ceremony, this is the first book to offer a critical overview of pageant as a dramatic form. By enacting highly selective historical episodes, pageants manipulate audiences' sense of the past. Through iconic music, affecting images, and vernacular forms, pageants express and, in turn, shape religious, civic, or political allegiances. Freely appropriating elements of history plays, patriotic celebrations, opera, and film, pageants create spectacles of sensory overload. Impressive recent scholarship recognizes pageants as public history, but this is the first authoritative account of the origins, characteristics, and techniques of pageants as a theatrical idiom. Performed in sporting arenas, the open air, or purpose-built theatres, these paratheatrical events express identity through what Erika Fischer-Lichte calls "the re-theatricalization of theatre." Pageants are intimately connected with power—they either assert and celebrate it or seek and demand it. Medieval religious pageants were so popular and powerful that they were suppressed and extinguished. The vogue for pageantry that swept through the English-speaking world in the decade before WWI was closely tied to the expansion of the franchise. Many early twentieth century pageants celebrated localities; others subversively advocated for women's suffrage. First performed in 1909, Cicely Hamilton's *A Pageant of Great Women* depicted historical personages from the near and distant past as well as allegorical figures such as Justice and Prejudice. Today, the Olympic Games mandate an opening ceremony that "details the country's history, culture, and overall importance for the global community." London delivered just such a pageant in 2012. This book features a wide-ranging introduction that maps the cultural evolution of this enduring theatrical form and covers popular and readily accessible pageants from medieval England, the early twentieth century, and our own day.

Energy 2000 Heinz Knoepfel, 2017-09-08 Originally published in 1986, this book takes an inter-disciplinary approach to the options for energy in the future. Written in a clear, easy-to-read style, it proposes that future solutions should not be based solely on cost, given our plentiful energy resources, but on ecological, human and ethical considerations. The book features a quantitative review of energy sources, supported by numerous figures and tables, that includes such long-term solutions as nuclear fission and solar energy. The book allows engineers and students to easily weigh the pros and cons of all energy options to realistically plan for the future.

Ukraine International Monetary Fund. Fiscal Affairs Dept., 2016-02-08 This paper discusses various public finance management reforms required for state-owned enterprises (SOEs), which is high priority of the government. High levels of direct and indirect state support are adding to the significant risks emanating from the SOE sector, a problem that is being exacerbated by the severe economic situation. There is a need to establish proper corporate governance arrangements through improving performance management frameworks and making SEOs accountable for poor performance, and reinforcing financial and fiscal discipline. Establishing independent Boards of Directors to perform stewardship and oversight function for public sector entities and improving transparency and reporting to the parliament and general public should form the cornerstone of the reform strategy for all SEOs.
