**Born to Run** Christopher McDougall, 2010-12-09 A New York Times bestseller 'A sensation ... a rollicking tale well told' - The Times At the heart of Born to Run lies a mysterious tribe of Mexican Indians, the Tarahumara, who live quietly in canyons and are reputed to be the best distance runners in the world; in 1993, one of them, aged 57, came first in a prestigious 100-mile race wearing a toga and sandals. A small group of the world's top ultra-runners (and the awe-inspiring author) make the treacherous journey into the canyons to try to learn the tribe's secrets and then take them on over a course 50 miles long. With incredible energy and smart observation, McDougall tells this story while asking what the secrets are to being an incredible runner. Travelling to labs at Harvard, Nike, and elsewhere, he comes across an incredible cast of characters, including the woman who recently broke the world record for 100 miles and for her encore ran a 2:50 marathon in a bikini, pausing to down a beer at the 20 mile mark.

**What Comes After Farce** Hal Foster, 2020-05-19 If farce follows tragedy, what follows farce? Where does the double

predicament of a post-truth and post-shame politics leave artists and critics on the left? How to demystify a hegemonic order that dismisses its own contradictions? How to belittle a political elite that cannot be embarrassed, or to mock party leaders who thrive on the absurd? How to out-dada President Ubu? And, in any event, why add outrage to a media economy that thrives on the same? What Comes After Farce? comments on shifts in art, criticism, and fiction in the face of the current regime of war, surveillance, extreme inequality, and media disruption. A first section focuses on the cultural politics of emergency since 9/11, including the use and abuse of trauma, paranoia, and kitsch. A second reviews the neoliberal makeover of art institutions during the same period. Finally, a third section surveys transformations in media as reflected in recent art, film, and fiction. Among the phenomena explored here are machine vision (images produced by machines for other machines without a human interface), operational images (images that do not represent the world so much as intervene in it), and the algorithmic scripting of information so pervasive in our everyday lives.

*Different Drummer* Jann Parry, 2009 Kenneth MacMillan's ballets are in constant demand by world-famous companies, particularly 'Romeo and Juliet', 'Manon' and 'Mayerling'. This biography reveals a complex artist who fiercely guarded his own privacy, whilst his ballets communicated his darkest and most intimate thoughts.

**The Dare** Harley Laroux, 2023-10-31 Jessica Martin is not a nice girl. As Prom Queen and Captain of the cheer squad, she'd ruled her school mercilessly, looking down her nose at everyone she deemed unworthy. The most unworthy of them all? The freak, Manson Reed: her favorite victim. But a lot changes after high school. A freak like him never should have ended up at the same Halloween party as her. He never should have been able to beat her at a game of Drink or Dare. He never should have been able to humiliate her in front of everyone. Losing the game means taking the dare: a dare to serve Manson for the entire night as his slave. It's a dare that Jessica's pride - and curiosity - won't allow her to refuse. What ensues is a dark game of pleasure and pain, fear and desire. Is it only a game? Only revenge? Only a dare? Or is it something more? *The Dare* is an 18+ erotic romance novella and a prequel to the *Losers Duet*. Reader discretion is strongly advised. This book contains graphic sexual scenes, intense scenes of BDSM, and strong language. A full content note can be found in the front matter of the book.

*Satan's Open Doors* Bill Vincent, 2023-03-16 Have you ever imagined your life free from sin and keeping Satan out of your life. There has to be a way. As you are challenged to be holy, you'll discover how grace gives you the power not to be a slave to sin anymore.

Photography and Memory in Mexico Andrea Noble,2011-01-15 Photography and Memory in Mexico traces the life stories of some of the famous photographic images made during the 1910 revolution, which have been repeatedly reproduced across a range of media in its aftermath. Which photographs have become icons of the revolution and why these particular images and not others? What is the relationship between photography and memory of the conflict? How do we construct a critical framework for addressing the issues raised by iconic photographs? Placing an emphasis on the life, afterlife and also the pre-

life of those iconic photographs that haunt the post-revolutionary landscape, Andrea Noble approaches them as dynamic objects, where their rhetorical power is derived from a combination of their visual eloquence and their ability to coordinate patterns of identification with the memory of the revolution as a foundational event in Mexican history. Richly-illustrated, this book will be of interest to all those interested in photography, memory studies, and Mexican cultural history.

The two men, opposites in every way, form an intimate bond in their cell, and their relationship changes both of them in profound ways.
